Pliable Channel Flaps allow Cable to be Inserted and Removed Quickly and Easily

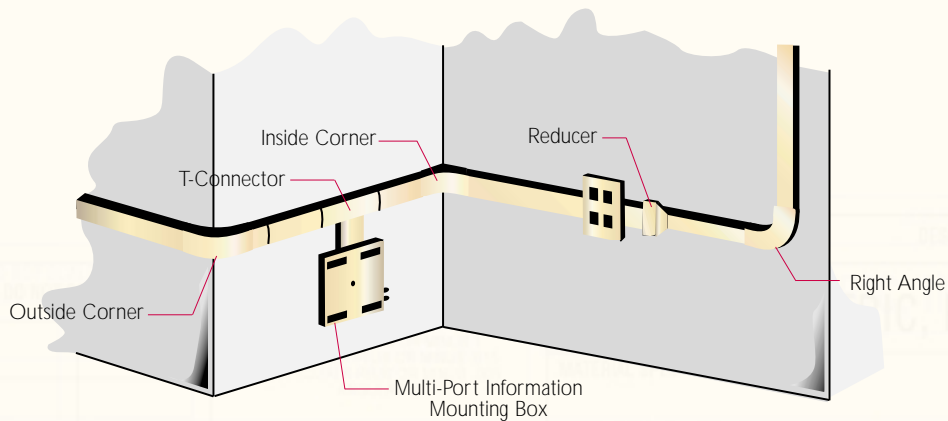

Durable PVC Cover

Channel with Pliable Flaps

Features:

- Unique Patented Design
- Easy to Use
- Separate Cover and Channel
- Available in 1/2", 1", and 1-1/2" Widths
- Meets TIA/EIA 586-A Bend Radius Requirements
- Supports Fiber Optic or Copper Cabling

NOTE: *XX = BG - Beige WT - White

- 1/2" Raceway Channel and Cover
- 1" Raceway Channel and Cover
- 1-1/2" Raceway Channel and Cover
- Raceway T-Connectors
- Raceway Right Angles

Raceway System

UNICOM's Raceway System has a unique patented design that allows you to install your network cabling effortlessly in less time than other forms of raceway. Our feed-in design gives you the flexibility and quality you deserve. The raceway system includes reducers, tees, end caps, ceiling drops, right angles, and inside and outside corners. They are available in 3 different sizes: 1/2", 1", and 1 1/2" and in 2 colors: white and beige. All raceway meets TIA/EIA 568-A bend radius requirements. Raceway channel is made with rigid flame retardant PVC UL94VO. Accessories are made from ABS flame retardant UL 94VO/5 rated material.

1/2" Raceway Channel and Cover
